

JDG-003C
CONFIRMATION OF GCHWS INSTALLATION

RGS NUMBER

- Where a Gas Centralised Hot Water System (GCHWS) is proposed, as a condition of connection and issuing of metering equipment, this form is to be completed by the Owner-Developer to certify that the GCHWS has been installed in accordance with the certified design previously submitted to Jemena on JDG-003A. This document is to be read with reference to Jemena Gas Networks (NSW) Ltd document, JDG-003 "Design Guide for Gas Centralised Hot Water Systems".

Refer, www.jemena.com.au/connectionguides/

- Jemena reserves the right to decline the application if any information provided is incomplete or incorrect.
- Completion of this application form does not guarantee that Jemena will provide metering equipment.
- Gas connection is subject to the terms and conditions of the applicable Alinta connection offer.

STEP 1. Fill in the Jemena Reference Number (RGS) in the top right hand corner as provided by your Network Development Manager.

STEP 2. Complete the builder / developer details and the supply address details below.

BUILDER / DEVELOPER

COMPANY NAME _____

COMPANY ADDRESS _____

CONTACT OFFICER _____ PH / MOB: _____

SUPPLY ADDRESS

NUMBER _____ STREET _____

SUBURB _____ P/CODE _____ COUNCIL _____

STEP 3. Builder/Developer to certify that the GCHWS has been installed in accordance with the most recently submitted certified design below:

SEE ATTACHED JDG-003A FORM AND CALCULATION OF COMMON FACTOR FOR GAS CENTRALISED HOT WATER

REPRESENTATIVE'S NAME / POSITION / COMPANY: _____ / _____ / _____

REPRESENTATIVE'S SIGNATURE _____ DATE _____

CONTACT DETAILS: TELEPHONE (W): _____ (MOBILE): _____ FAX: _____
