Developer Forum 2025 Outcomes & Actions

Outcome	Suggested action
Predictable delivery and approval timeframes	Improve visibility on process stages, delivery timeframes and service level results
Consistent, accessible standards and design checking	Reconcile current standards and checking practices, improve Drawbridge access
Better supplier, contractor and work-opportunity visibility	Clarify accredited contractor pathways; review opportunity and renewal notifications; maintain a partner capability register
Clear, practical updates on Jemena's direction is appreciated	Continue to deliver concise briefings on the selected agenda topics, business impacts, upcoming decisions and post-workshop resources
Stronger working relationships and engagement pathways	Introduce key contacts, reinforce customer engagement channels and establish a regular partner update and feedback cadence
Clear cable-theft prevention and accountability	Explore opportunity for improved controls and coordination to mitigate risk and financial impact in these scenarios
